This course involves student activities designed to develop the critical leadership, interpersonal, and coaching skills needed to work in stressful one-on-one training environments. Throughout the week, the trainer will be exposed to program history associated with the San Jose Field Training and Evaluation Program (FTEP), as well as mandated requirements and roles associated with field training, documentation, and related legal matters. Activities will support problem-based learning, facilitation, self-assessment, critical-thinking, and problem solving supported by general coaching strategies. If the client is a regional facility with some members using FTEP and others utilizing the Police Training Officer model, facilitation will also conduct a detailed review of PTO terminology and processes.

Funding made available by the Illinois Law Enforcement Training and Standards Board, Southwestern Illinois Law Enforcement Commission, ASSIST #14 Partnership and the seven counties of Bond, Clinton, Madison, Monroe, Randolph, St. Clair and Washington. MTU #14 request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board.
