This is an 8-hour course that provides today's cutting-edge courtroom training specifically designed to help participants perform at their very best when testifying in a variety of court cases. Participants will learn even more about testifying in homicides and other high-profile cases. This is a unique training seminar that has been developed by detectives and officers who sit in the same witness chair, not attorneys. "Courtroom Success" is for police officers, investigators, and other law enforcement professionals who are dedicated and committed to outperforming defense attorneys, hold prosecutors accountable for their responsibilities and better their chances to win court cases. The expert instructors will discuss their experiences, share current success stories, and most importantly focus on crucial mistakes. Class instruction focuses on the participant's individual strong and weak points when testifying, and then discover today's newest techniques and methods that are guaranteed to help become the "superstar witness". Remember, being nervous in court is acceptable; being unprepared is not! This is why this course was developed.

Funding made available by the Illinois Law Enforcement Training and Standards Board, Southwestern Illinois Law Enforcement Commission, ASSIST #14 Partnership and the seven counties of Bond, Clinton, Madison, Monroe, Randolph, St. Clair and Washington. MTU #14 request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board.
