16 Hour Video Technology in Law Enforcement

TUESDAY-WEDNESDAY, OCTOBER 15 & 16, 2024 – 8 AM/5 PM

WHERE: SILEC Training Room
2300 West Main St., Belleville, Illinois. 62226

WHO: Jeffrey German

TO REGISTER: Please visit www.silec.org. **Class Limit 30.**

This course will provide law enforcement officers with the necessary information to understand video technology, extract video properly from DVR/NVR systems, using forensic image/video tools, compare and contrasting video/images, and getting video evidence stored properly and into court. This class will combine classroom lecture and practical exercises with multiple DVR and NVR systems.

Outline

Understand how the human eye interprets visual stimuli.

Understanding how cameras record visual images.

Documenting and analyzing various types of DVR/NVR systems.

Proper extraction of video evidence using the recommended tools and formats.

Proper use of Facial/LPR/vehicle recognition technology.

Using forensic video and image software.

Using proper compare and contrast techniques.

Getting video evidence admitted into court.

Using various DVR/NVRs in class to quickly and properly extract video evidence.

Funding made available by Homeland Security Grant Funds and the Illinois Law Enforcement Training and Standards Board, Southwestern Illinois Law Enforcement Commission, ASSIST #14 Partnership and the seven counties of Bond, Clinton, Madison, Monroe, Randolph, St. Clair and Washington. MTU 14 request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board.
