To attend this course, you must have previously completed the 24 Hour SFST course. The refresher is required every 4 years to keep SFST certification valid!!

Students Need to bring a fully charged laptop to class

This course is designed to meet IACP Standards that recommend SFST Instructors attend 8 hours of refresher training every two years. Since the SFST curriculums were updated March 2018, all current instructors should attend this course to become familiar with the changes.

The Standardized Field Sobriety Testing Refresher will provide you with specific information on how to effectively train and motivate SFST practitioners.

Participants will be able to:

- Describe how learning strategies contribute to training effectiveness and will improve learning and retention by 31%
- Apply facilitation skills
- Review and use the standard NHTSA/IACP SFST lesson plans
- Develop and use training aids
