This 32-hour course will help you identify all state and federal laws pertaining to Small Unmanned Aircraft Systems, different types of airspace, weather and weather-related conditions including cloud formations, types of fog, and wind conditions and how they play a role in the flight of a sUAS; loading and performance factors; airport and airfield standards, including left traffic patterns, METARS, TAFs, sectional charts, longitude, and latitude; crew resource management, including types of altitudes, visual observers, Remote Pie, and the effects of drugs and alcohol; radio communication including 2.4 and 5 GHz, AWOS, ASOS, licensed frequencies, and CTA; Emergency, Lost-Link1 and Flyaway procedures.

Funding made available by the Illinois Law Enforcement Training and Standards Board, Southwestern Illinois Law Enforcement Commission, ASSIST #14 Partnership and the seven counties of Bond, Clinton, Madison, Monroe, Randolph, St. Clair and Washington. MTU #14 request for certification of this course has been approved by the Illinois Law Enforcement Training and Standards Board.
