

Evolving AI Threat Training

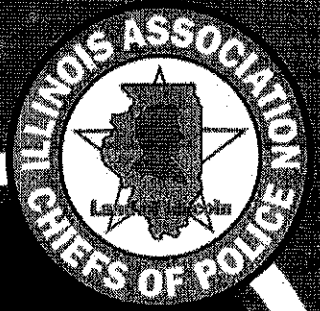

A HANDS-ON WORKSHOP FOR LAW ENFORCEMENT

Situational Awareness for 2026 & Beyond

- How criminals are already leveraging AI
- Loss-of-control scenarios & next-gen risk factors
- Hands-on experience with LLMs to see capabilities and vulnerabilities firsthand

Build Your Agency's AI-Ready Action Plan

- Position your department as a trusted resource at the intersection of AI and crime
- Strategies to inoculate your community against deepfaked LEO-civilian encounters
- Develop real, deployable communication and outreach protocols

Are you ready for the AI risk landscape of 2026 and the threats at your doorstep?
