

ILLINOIS HOLOCAUST MUSEUM  
& EDUCATION CENTER

The Southwestern Illinois Law Enforcement Commission and the Southwestern Illinois Police Academy are excited to host the Illinois Holocaust Museum & Education Center's Brill Law Enforcement Action in Democracy (LEAD) training. This thought-provoking and informative program works with law enforcement officials, providing them with the training and tools necessary for understanding abuses of authority, responding to hate crimes and bias, and balancing the rights of individuals with societal protection.

**This LEAD Training includes:**

- Multimedia presentations using video, photography, and historical documents.
- Interactive discussion using the lens of Holocaust history and the history of policing in Nazi-occupied Europe to stimulate reflective discussion exploring the role of police in democracy and providing case studies of law enforcement officers who used their positions of authority for good during that time.
- Modules that explore issues of hate, racism, bias, and violence through the exploration of contemporary case studies that help participants reflect on their personal and professional responsibilities, as well as the dangers of silence and indifference.
- Unforgettable encounter with living history through the testimony of a Holocaust Survivor thorough an interactive hologram experience.
