

School of Police Staff & Command

➔ Class Description:

The School of Police Staff & Command prepares experienced law enforcement professionals for success in senior leadership roles. This academically rigorous program delivers advanced management and leadership training for today's evolving public safety environment. SPSC blends academic theory with real-world application, equipping participants with the strategic mindset and practical skills needed to lead effectively and manage complex organizations.

Participants gain critical leadership and management skills through focused instruction in:

- Leadership and management principles
- Decision-making and problem solving
- Organizational behavior and employee relations
- Media relations and executive communication
- Resource allocation, budgeting, and project management
- Planning, policy development, and strategic thinking

Through a combination of classroom learning and applied concepts, students leave better prepared to lead with confidence and implement effective strategies within their agencies.
